

Part 2. LIST OF SUBSTANTIVE CHANGES APPROVED SINCE THE LAST REAFFIRMATION

Directions: For each substantive change approved since the institution's initial accreditation or last reaffirmation review, briefly describe the change and provide the date of SACSCOC approval. If no substantive changes requiring approval have been submitted since the last comprehensive review, write "none" in the first column. - The addition of courses or programs that represent a significant departure, either in content or method of delivery, from those that were offered when the institution was last evaluated
- The addition of courses or programs of study at a degree or credential level different from that which is included in the institution's current accreditation or reaffirmation.
- A change from clock hours to credit hours
- A substantial increase in the number of clock or credit hours awarded for successful completion of a program
- The establishment of an additional location geographically apart from the main campus at which the institution offers at least 50 percent of an educational program.

- Adding a permanent location at a site where the institution is conducting a teach-out program for a closed institution
